Int. No. 10

By Council Members Jennings, Comrie and Martinez; also Council Member Seabrook

A Local Law to amend the charter of the city of New York to create a Lower Manhattan/Financial District Redevelopment Commission.

Be it enacted by the Council as follows:

Section 1. **Legislative findings and intent.** On September 11, 2001 the City of New York suffered an unprecedented loss with the destruction of the World Trade Center and surrounding buildings. The Council recognizes the importance of the affected area and the businesses located in the area to the economic well-being of the City. The City Council hereby finds that such an unprecedented event requires creation of a commission to focus on the specific needs of the financial district of lower Manhattan and to facilitate and coordinate the redevelopment and reconstruction of this area, and provide assistance to businesses located in the affected area.

The Council further finds that the loss, through destruction or evacuation, of more than twenty-five million square feet of office space in the financial district of lower Manhattan presents both short-term and long-term challenges to the City. On a short-term basis, everything must be done to encourage and assist businesses to remain in lower Manhattan or in other surrounding parts of the City and to provide all necessary assistance to effectuate relocations of businesses as quickly as possible. The Council further finds that on a longer-term basis, the redevelopment of the area surrounding the World Trade Center is essential to the long-term economic well-being of the City.

Therefore, the Council finds and declares that a Commission must be immediately established to coordinate all activities necessary to aid affected businesses to remain in the City, and to immediately assist in the redevelopment of the Lower Manhattan/Financial District. Such efforts should be accomplished with the full cooperation of all City agencies, through public-private partnerships, and through coordination with federal and state authorities.

§2. The Charter of the City of New York is hereby amended by adding a new chapter 75 to read as follows:

CHAPTER 75

LOWER MANHATTAN/FINANCIAL DISTRICT REDEVELOPMENT COMMISSION

§3100 Definition. “Lower Manhattan/Financial District” shall mean that area of the borough of Manhattan south of Canal Street.
