a. Definitions. For the purposes of this section, the following terms have the following meanings:

Circumference. The term “circumference” means the linear distance around the trunk of a tree, when measured at a height of four and a half feet.

Heritage tree. The term “heritage tree” means a tree located on private property or property under the jurisdiction of the department with a circumference of 100 inches or more.

Special tree. The term “special tree” means a tree located on private property or property under the jurisdiction of the department with a circumference of at least 55 inches, but less than 100 inches.

Topping. The term “topping” means the practice of removing whole tops of trees, large branches or trunks from the tops of trees, resulting in the indiscriminate reduction of the crown of a tree, leading to the disfigurement or death of such tree.

b. No person or city agency shall remove, cut down, engage in topping or otherwise commit any act that destroys a heritage tree or a special tree without first having obtained a permit from the commissioner pursuant

to section 18-107.

c. No permit to remove, cut down, engage in topping or otherwise commit any act that destroys a heritage tree shall be granted unless such tree, after an evaluation conducted by the department, is determined to be diseased, dying, dead or has the potential to cause injury to people or damage to property.

d. Nothing in this section shall prohibit a utility company or city agency from removing any tree that poses an immediate threat to public safety or pruning any tree for the purposes of limiting interference with utility lines.

e. Nothing in this section shall prohibit a person from pruning a special tree or a heritage tree located on the property of such person, so long as such pruning does not result in the topping of such special tree or heritage tree.

f. The commissioner shall establish an outreach and education program aimed at educating residents on tree maintenance practices, how to identify special trees and heritage trees and the requirements in this section restricting the removal of special trees and heritage trees. Such outreach and education program shall include, but not be limited to, a multilingual public education program, including advertisements about the program in newspapers of general circulation, radio, and public venues such as subways and buses.
