(4)(A) Beginning twelve months after the effective date of the local law that added this section and every two years thereafter, the commissioner, in consultation with the city chief procurement officer, shall, for each industry classification and each minority group, review and compare the availability rates of firms owned by minorities and women to the utilization rates of such firms in agency contracts and subcontracts, and shall on the basis of such review and any other relevant information, where appropriate, revise by rule the citywide participation goals set forth in this subdivision. In making such revision, the commissioner shall consider the extent to which discrimination continues to have an impact on the ability of minorities and women to compete for city contracts and subcontracts. The commissioner shall submit the results of such review and any proposed revisions to the participation goals to the speaker of the council at least sixty days prior to publishing a proposed rule that would revise participation goals.

(B) Beginning twelve months after the effective date of the local law that added this section and every two years thereafter, the commissioner shall review information collected by the department to determine the availability and utilization of EBEs, and shall on the basis of such review and any other relevant information, where appropriate, revise by rule the citywide participation goals set forth in this subdivision. Such revised goals shall be set at a level intended to assist in overcoming the impact of discrimination on such businesses.

e. Responsibilities of the division. (1) The division shall create and maintain and periodically update directories by industry classification of MBEs, [and] WBES, and EBEs which it shall supply to all agencies, post on its website and on other relevant city websites and make available for dissemination and/or public inspection at its offices and other locations within each borough.

including MBEs, [and] WBES, and EBEs , and solicit their support and assistance in efforts to increase participation of MBEs, [and] WBES, and EBEs in city procurement.

(6) The division shall conduct, coordinate and facilitate technical assistance and educational programs for MBEs, [and] WBES, and EBEs and other contractors designed to enhance participation of MBEs, [and] WBES, and EBEs in city procurement. The division shall further develop a clearinghouse of information on programs and services available to MBEs, [and] WBES, and EBEs .

(7) The division shall develop standardized forms and reporting documents for agencies and contractors to facilitate the reporting requirements of this section.

(8) The division shall direct and assist agencies in their efforts to increase participation by MBEs, [and] WBES, and EBEs in any city-operated financial, technical, and management assistance program.

(9) The division shall study and recommend to the commissioner methods to streamline the M/WBE and EBE certification process.

(10) Each fiscal year the division, in consultation with the city chief procurement officer, shall audit at least 5% of all contracts for which utilization plans are established in accordance with subdivision i of this section and 5% of all contracts awarded to MBEs, [and] WBES, and EBEs to assess compliance with this section. All solicitations for contracts for which utilization plans are to be established shall include notice of potential audit.

(11) The division shall assist agencies in identifying and seeking ways to reduce or eliminate practices such as bonding requirements or delays in payment by prime contractors that may present barriers to competition by MBEs, [and] WBES, and EBEs .

f. Responsibilities of agency M/WBE officers. Each agency head shall designate a deputy commissioner or other executive officer to act as the agency M/WBE officer who shall be directly accountable to the agency head concerning the activities of the agency in carrying out its responsibilities pursuant to this section. The duties of the M/WBE officer shall include, but not be limited to:

(i) creating the agency's utilization plan in accordance with subdivision g of this section;

(ii) acting as the agency's liaison with the division;

(iii) acting as a liaison with organizations and/or associations of MBEs, [and] WBEs, and EBEs, informing such organizations and/or associations of the agency's procurement procedures, and advising them of future procurement opportunities;

(iv) ensuring that agency bid solicitations and requests for proposals are sent to MBEs, [and] WBEs, and EBEs in a timely manner, consistent with this section and rules of the procurement policy board;

(v) referring MBEs, [and] WBEs, and EBEs to technical assistance services available from agencies and other organizations;

In fulfilling this duty, the agency M/WBE officer shall track and record each contractor that is an MBE, [or] WBE or EBE and each subcontractor hired pursuant to such officer's agency contracts that is an MBE, [or] WBE or EBE, and shall share such information with the commissioner and the city chief procurement officer;

(viii) for contracts for which utilization goals have been established pursuant to subdivision i of this section, monitoring each contractor's compliance with its utilization plan by appropriate means, which shall include, but need not be limited to, job site inspections, contacting MBEs, [and] WBEs and EBEs identified in

the plan to confirm their participation, and auditing the contractor's books and records;

(ix) monitoring the agency's procurement activities to ensure compliance with its agency utilization plan and progress towards the participation goals as established in such plan; and

(x) providing to the city chief procurement officer information for the reports required in subdivision 1 of this section and providing any other plans and/or reports required pursuant to this section or requested by the city chief procurement officer.

g. Agency utilization plans. (1) Beginning May 15, 2006, and on April 1 of each year thereafter, each agency which has made procurements in excess of five million dollars during the fiscal year which ended on June 30 of the preceding calendar year shall submit an agency utilization plan for the fiscal year commencing in July of the year when such plan is to be submitted to the commissioner. Upon approval by the commissioner such plan shall be submitted to the speaker of the council. Each such plan shall, at a minimum, include the following:

(i) the agency's participation goals for MBEs, [and] WBEs and EBEs for the year;

(ii) an explanation for any agency goal that is different than the participation goal for the relevant group and industry classification as determined pursuant to subdivision d of this section;

(iii) a list of the names and titles of agency personnel responsible for implementation of the agency utilization plan;

(iv) methods and relevant activities proposed for achieving the agency's participation goals; and

(v) any other information which the agency or the commissioner deems relevant or necessary.

(2) An agency utilization plan may be amended from time to time to reflect changes in the agency's projected expenditures or other relevant circumstances and resulting changes in such agency's participation goals. Such amendments shall be submitted to the commissioner, the city chief procurement officer and the speaker of the council at least thirty days prior to implementation.

h. Achieving agency participation goals. (1) Each agency head shall be directly accountable for the goals set forth in his or her agency's utilization plan.

(2) Each agency shall make all reasonable efforts to meet the participation goals established in its agency utilization plan. Agencies shall, at a minimum, use the following methods to achieve participation goals:

(i) Agencies shall engage in outreach activities to encourage MBEs, [and] WBEs and EBEs to compete for all facets of their procurement activities, including contracts awarded by negotiated acquisition, emergency and sole source contracts, and each agency shall seek to utilize MBEs, WBEs and/or [WBEs] EBEs for all types of goods, services and construction they procure.

(ii) Agencies shall encourage eligible businesses to apply for certification as MBEs, [and] WBEs and EBEs and inclusion in the directories of MBEs, [and] WBEs and EBEs. Agencies shall also encourage MBEs, [and] WBEs and EBEs to have their names included on their bidders lists, seek pre-qualification where applicable, and compete for city business as contractors and subcontractors. Agencies are encouraged to advertise procurement opportunities in general circulation media, trade and professional association publications and small business media, and publications of minority and women's business organizations, and send written notice of specific procurement opportunities to minority and women's business organizations.

(iii) All agency solicitations for bids or proposals shall include information referring potential bidders or proposers to the directories of MBEs, [and] WBEs and EBEs prepared by the division.

(iv) In planning procurements, agencies shall consider the effect of the scope, specifications and size of a contract on opportunities for participation by MBEs, [and] WBEs and EBEs.

(v) For construction contracts, agencies shall consider whether to enter into separate prime contracts for construction support services including, but not limited to, trucking, landscaping, demolition, site clearing, surveying and site security.

(vi) Prior to soliciting bids or proposals for contracts valued at over ten million dollars, an agency shall

submit the bid or proposal to the city chief procurement officer for a determination whether it is practicable to divide the proposed contract into smaller contracts and whether doing so will enhance competition for such contracts among MBEs, [and] WBEs and EBEs and other potential bidders or proposers. If the city chief procurement officer determines that it is both practicable and advantageous in light of cost and other relevant factors to divide such contracts into smaller contracts, then he or she shall direct the agency to do so.

(vii) Agencies shall examine their internal procurement policies, procedures and practices and, where practicable, address those elements, if any, that may negatively affect participation of MBEs, [and] WBEs and EBEs in city procurement.

(viii) Agency M/WBE officers shall, in accordance with guidelines established by the city chief procurement officer, establish a process for quarterly meetings with MBEs, [and] WBEs and EBEs to discuss what the agency looks for in evaluating bids and proposals.

(ix) Agencies shall encourage prime contractors to enter joint venture agreements with MBEs, [and] WBEs and EBEs .

i. Participation goals for construction and professional services contracts. (1) Prior to issuing the solicitation of bids or proposals for individual construction and professional services contracts, agencies shall establish a target subcontracting percentage for the contract and participation goals for MBEs, [and] WBEs and EBEs. The “target subcontracting percentage” for the contract shall represent the percentage of the total contract which the agency anticipates a typical prime contractor in the relevant industry would in the normal course of business award to one or more subcontractors for amounts under one million dollars. The participation goals established for a contract shall represent a percentage of the total dollar value of all subcontracts for amounts under one million dollars pursuant to the award. Such goals may be greater than, less than or the same as the relevant citywide goal or goals established pursuant to subdivision d of this section. In determining the participation goals for a particular contract, an agency shall consider the following factors:

(i) the scope of work;

(ii) the availability of MBEs, [and] WBEs and EBEs able to perform the particular tasks required in the contract;

(iii) the extent to which the type of work involved in the contract presents subcontracting opportunities for amounts under one million dollars;

(iv) the agency's progress to date toward meeting its annual participation goals through race-neutral, gender-neutral and other means, and the agency's expectations as to the effect such methods will have on participation of MBEs, [and] WBEs and EBEs in the agency's future contracts; and

(v) any other factors the contracting agency deems relevant.

(2) A contracting agency shall not be required to establish participation goals (i) for procurements described in subdivision q of this section; or

(ii) when the agency has already attained the relevant goal in its annual utilization plan, or expects that it will attain such goal without the use of such participation goals.

(3) For each contract in which a contracting agency has established participation goals, such agency shall state in the solicitation for such contract that bidders and/or proposers shall be required to agree as a material term of the contract that, with respect to the total amount of the contract to be awarded to one or more subcontractors pursuant to subcontracts for amounts under one million dollars, the contractor shall be subject to participation goals unless such goals are modified by the agency in accordance with this section.

(4) For each contract in which participation goals are established, the agency shall include in its solicitation and/or bidding materials, a referral to the directories prepared by the division pursuant to this section.

(5) For each contract for which participation goals are established the contractor shall be required to submit with its bid or proposal, a utilization plan indicating the percentage of the work it intends to subcontract, and the percentage of work it intends to award to subcontractors for amounts under one million dollars, and, in cases where the contractor intends to award subcontracts for amounts under one million dollars, a description of

the type and dollar value of work designated for participation by MBEs, [and/or] WBEs and/or EBEs, and the time frames in which such work is scheduled to begin and end. When the utilization plan indicates that the bidder or proposer does not intend to award the target subcontracting percentage, the bid or proposal shall not be deemed responsive unless the agency has granted a pre-award waiver pursuant to paragraph 11 of this subdivision.

(6) For each contract for which a utilization plan has been submitted, the contracting agency shall require that within thirty days of the issuance of notice to proceed, the contractor submit a list of persons to which it intends to award subcontracts within the next twelve months. In the event that a contracting agency disapproves a contractor's selection of a subcontractor or subcontractors, the contracting agency shall allow such contractor a reasonable time to propose alternate subcontractors.

(7) For each contract for which a utilization plan has been submitted, the contractor shall, with each voucher for payment, and/or periodically as the agency may require, submit statements, certified under penalty of perjury, which shall include, but not be limited to, the total amount paid to subcontractors (including subcontractors that are not MBEs, [or] WBEs or EBEs); the names, addresses and contact numbers of each MBE, [or] WBE or EBE hired as a subcontractor pursuant to such plan as well as the dates and amounts paid to each MBE, [or] WBE or EBE. The contractor shall also submit, along with its voucher for final payment, the total amount paid to subcontractors (including subcontractors that are not MBEs, [or] WBEs or EBEs); and a final list, certified under penalty of perjury, which shall include the name, address and contact information of each subcontractor that is an MBE, WBE or [WBE] EBE hired pursuant to such plan, the work performed by, and the dates and amounts paid to each.

(8) If payments made to, or work performed by, MBEs, [or] WBEs or EBEs are less than the amount specified in the contractor's utilization plan, the agency shall take appropriate action in accordance with subdivision o of this section, unless the contractor has obtained a modification of its utilization plan pursuant to paragraph 12 of this subdivision.

(9) When advertising a solicitation for bids or proposals for a contract for which a participation goal has been established, agencies shall include in the advertisement a general statement that the contract will be subject to participation goals for MBEs, WBEs and/or [WBEs]

EBEs.

(10) In the event that a contractor with a contract that includes a utilization plan submits a request for a change order the value of which exceeds ten percent of such contract, the agency shall establish participation goals as if for a new contract for the work to be performed pursuant to such change order.

(11) Pre-award waiver. (i) Subject to subparagraph (ii) of this paragraph, the contracting agency may grant a full or partial waiver of the target subcontracting percentage to a bidder or proposer who demonstrates that it has legitimate business reasons for proposing the level of subcontracting in its utilization plan. The contracting agency shall make its determination in light of factors which shall include, but not be limited to, whether the bidder or proposer has the capacity and the bona fide intention to perform the contract without any subcontracting, or to perform the contract without awarding the amount of subcontracts for under one million dollars represented by the target subcontracting percentage. In making such determination, the agency may consider whether the utilization plan is consistent with past subcontracting practices of the bidder or proposer, and whether the bidder or proposer has made good faith efforts to identify portions of the contract that it intends to subcontract. Within thirty days of the registration of a contract, the city chief contracting officer shall notify the council of any such waiver granted with respect to the contract.

(ii) The agency M/WBE officer shall provide written notice of requests for a full or partial waiver of the target subcontracting percentage to the division and the city chief procurement officer and shall not approve any such request without the approval of the city chief procurement officer, provided that the city chief procurement officer, upon adequate assurances of an agency's ability to administer its utilization plan in accordance with the provisions of this section, may determine that further approval from the city chief procurement officer is not required with respect to such requests for an agency's contracts or particular

categories of an agency's contracts. The city chief procurement officer shall notify the speaker of the council in writing within [seven] thirty days of the [approval] registration of a contract for which a request for a full or partial waiver of a target subcontracting percentage was granted, provided that where an agency has been authorized to grant waivers without approval of the chief procurement officer, such notice shall be provided to the speaker of the council by the agency. Such notification shall include, but not be limited to, the name of contractor, the original target subcontracting percentage, the waiver request, including all documentation, and an explanation for the approval of such request.

(12) Modification of utilization plans. (i) A contractor may request modification of its utilization plan after the award of a contract. Subject to subparagraph (ii) of this paragraph, an agency may grant such request if it determines that such contractor has established, with appropriate documentary and other evidence, that it made all reasonable, good faith efforts to meet the goals set by the agency for the contract. In making such determination, the agency shall consider evidence of the following efforts, as applicable, along with any other relevant factors:

(A) The contractor advertised opportunities to participate in the contract, where appropriate, in general circulation media, trade and professional association publications and small business media, and publications of minority and women's business organizations;

(B) The contractor provided notice of specific opportunities to participate in the contract, in a timely manner, to minority and women's business organizations;

(C) The contractor sent written notices, by certified mail or facsimile, in a timely manner, to advise MBEs, [or] WBEs or EBEs that their interest in the contract was solicited;

(D) The contractor made efforts to identify portions of the work that could be substituted for portions originally designated for participation by MBEs, WBEs and/or [WBEs] EBEs in the contractor utilization plan,

and for which the contractor claims an inability to retain MBEs, WBEs or [WBEs]EBEs;

(E) The contractor held meetings with MBEs, WBEs and/or [WBEs]EBEs prior to the date their bids or proposals were due, for the purpose of explaining in detail the scope and requirements of the work for which their bids or proposals were solicited;

(F) The contractor made efforts to negotiate with MBEs, WBEs and/or [WBEs]EBEs as relevant to perform specific subcontracts, or act as suppliers or service providers;

(G) Timely written requests for assistance made by the contractor to the agency M/WBE liaison officer and to the division;

(H) Description of how recommendations made by the division and the contracting agency were acted upon and an explanation of why action upon such recommendations did not lead to the desired level of participation of MBEs, WBEs and/or [WBEs]EBEs.
