Int. No. 713

By Council Members Lappin, Weprin, Mark-Viverito, Reyna, Mendez, Arroyo, Palma, James, Brewer, Dickens, Liu, and Katz

A Local Law to amend the administrative code of the city of New York, in relation to providing a credit against the commercial rent or occupancy tax imposed by chapter 7 of title 11 of such code, to tenants who provide employer-provided child care.

Be it enacted by the Council as follows:

Section one. Chapter 7 of title 11 of the administrative code of the city of New York is amended by adding a new section 11-704.4 to read as follows:

11-704.4 Employer-provided Child Care credit (1) A tenant who uses taxable premises for employer-provided child care shall be allowed a credit against the tax imposed by this chapter for such tax year. Such credit shall be equal to twenty-five percent of the qualified employer-provided child care expenditures paid or incurred, on or after January 1, 2008, in establishing and operating a qualified child care facility; provided, however, that the tenant shall not receive more than \$150,000 in annual tax credits for all qualified employer-provided child care expenditures that the taxpayer incurs in any one year.

(2) As used in this section, the term “qualified employer-provided child care expenditures” means any amount paid or incurred (a) to acquire, construct, rehabilitate, or expand real property which is to be used as part of a qualified child care facility of the taxable premises, with respect to which a deduction for depreciation (or amortization in lieu of depreciation) is allowable, and which does not constitute part of the principal residence, within the meaning of section 121 of the Internal Revenue Code, of the tenant or employee of the tenant; (b) for the operating costs of a qualified child care facility of the tenant, including costs related to the training of employees, to scholarship programs, and to the providing of increased compensation to employees with higher

levels of child care training; or (c) under a contract with a qualified child care facility to provide child care services to employees of the tenant; provided, however, the term “qualified employer-provided child care expenditures” shall not include expenses in excess of fair market value of such care.

The term “qualified child care facility” means a facility, the principal use of which is to provide child care assistance, that is licensed or registered in accordance with section three hundred ninety of the social services law or article forth seven of the rules of the city of New York, and that is not the principal residence, within the meaning of section 121 of the Internal Revenue Code, of the tenant or employee of the tenant; provided, however, a facility shall not be treated as a “qualified child care facility” with respect to the tenant unless the use of such facility (or the eligibility to use such facility) does not discriminate in favor of employees of the tenant who are highly compensated employees, within the meaning of section 414(q) of the Internal Revenue Code.

§2. This local law shall take effect immediately.
