Whereas, Since then, the migration of Ecuadorians has ebbed and flowed with the health of Ecuador's economy, dropping in the 1970s during an economic boom and increasing in the 1980s and 1990s due to the fall in oil prices and historic flooding; and

Whereas, According to the Pew Research Center, the U.S. Ecuadorian population was 707,428 in 2015 and 40 percent live in New York State; and

Whereas, The U.S. Census Bureau American Community Survey for 2017 estimates that the Ecuadorian population in New York City is 241,000 and

Whereas, On August 10, 1809, the rebels took power over Quito, the Ecuadorian capital, and displaced

the representatives of Joseph Bonaparte; and

Whereas, The rebels were defeated within weeks as they lacked broad support at the time; and

Whereas, Though full independence was years away, this was the first step and is celebrated today as “El Dia del Primer Grito de Independencia de Quito” (The day of the first declaration of independence of Quito); and

Whereas, Ecuadorian Independence is celebrated in Queens every August with an Ecuadorian Independence Day parade in Jackson Heights and the Ecuadorian Arts Fair in Flushing Meadows Corona Park; and

Whereas, It is time for New York City to recognize the important role of the fourth largest Latinx population in the City in the development of the City; now, therefore, be it
