A Local Law to amend the administrative code of the city of New York, in relation to allowing for practical experience gained separately but concurrently with an apprenticeship to count towards the supervised practical experience time requirement for the granting of high-pressure boiler operating engineer licenses

Be it enacted by the Council as follows:

Section 1. Item 5 of section 28-413.2 of the administrative code of the city of New York, as amended by local law number 77 for the year 2023, is amended to read as follows:

5. Applicant successfully completed a New York [state approved] state-approved apprenticeship training program of at least two (2) years[~~, and after the completion of such program had~~]. Applicant shall also have at least three (3) years' practical experience, within the seven (7) years preceding the date of the application, in the operation and maintenance of high-pressure boilers in the city under the direct and continuing supervision of a licensed high-pressure boiler operating engineer. The years of practical experience shall include practical experience gained separately but concurrently with enrollment in the apprenticeship training program. An applicant's classroom training in the apprenticeship training program shall not itself be considered practical experience;

§ 2. This local law takes effect immediately.
